Of Local Interest

Renewals of subscriptions to the News are now in order.

C. F. Starr has purchased a fine driver of Earl Rose.

Charles Lipka, Carlstadt, and M. Ingeveid, Tipton, are among the new subscribers.

Corporal Corby, of Suffield, made this place his semi-occasional visit on Monday.

Laurie Tatal arrived yesterday from Glenside, Saskatchewan to visit his brother here.

Team of gray mares 4 and 6 year old and one team of geldings 5 year old, for sale by Frank Flannery.

A. J. Johnston and J. McElloch of Calgary, were among the many business callers here this week.

James Marsh went to the Flat Monday to prove up his homestead, which is a few miles north of here.

Seven crates in one pack were seen one day last week by Mr. and Mrs. W. G. Scollard, south of town.

B. C. Swaine and M. D. Turnbull, of Tipton, were in town after a load of provisions, etc., last week.

Chester Barnes left for Tipton Monday, after being a guest for several days of Mr. and Mrs. B. A. Barnes.

B. F. Hansen is visiting his brother in Alexander, Iowa. During his absence the meat market is in charge of his sons.

After an extended visit at the home of Mr. and Mrs. C. C. Johnson, Orson Albertson has returned to his home at Eymore, Alberta.

A. Cole who has been in Saskatchewan on business for the past fortnight, is expected home the latter part of next week.

John McClurg has returned after being a few weeks in Edmonton, where he had two threshing outfits. One of them he sold and the other he is shipping to Carlstadt, as much of the grain there is frozen.

E. B. Rose left last week for Medford, Oregon, to make a visit at the home of his parents. Enroute he called at Grand Forks, B. C., to inspect some city lots held by local capitalists.

Hannum & Johnson are about the latest men in town. With the pool tables at the American hotel drawing crowds and the chefs hoping around with choice cuts, it is a lively place.

Will the coming winter be a hard one? An old settlerman declares that it will not, and gives as his reason the fact that the breaking up of a threatening snow storm (such as was here Saturday) always means an open winter. On the other hand, there are those who have their doubts.

Friday evening there will be dancing in McDiarmid's hall, to which everyone is invited. Arrangements are in charge of Frank Flannery (t. S. Mattson, and Vernon Starr, who promise a good time to all. Don't miss it!

Benjamin Smeltzer has returned from Strathmore, where he has been helping thresh. He says that amount of grain there is very small in proportion to the straw, and as a consequence the machines are not making any big "shakes."

William Pallen spent Sunday and Monday here on business and visiting his pals. For several weeks he has been assisting in the blacksmith shop at Barons, and is doing well. Threshing is finished there he says. A friend, Ward Lowe, accompanied him.

TO INSTALL TELEPHONES

Carlstadt is to have local telephone service, and that within the next few weeks. Such is the information gleaned from a recent letter to Dr. S. P. McEwen, Secretary-Treasurer of Carlstadt, from W. J. Hammer, Deputy Minister of Railway and Telephones.

Saturday A. McR, district commercial man for the government telephone system, was here making final arrangements before the coming of the gang of men who will install the phone.

Twenty-five business houses and residences will be served, from the start and it is quite possible that the system will be extended to farmers next spring.

COUNCIL IN SESSION

Council met in regular session Saturday afternoon, all members being present. Aside from the routine work, several important matters were up for discussion.

Better fire protection was arranged for, the council voting to purchase a fire engine and 320 feet of hose, and to let the contract for the digging of a cistern. The engine purchased is a Little Giant, which acts as a force pump. With eight men on the handles, it throws a stream of water a hundred feet on the level or sixty feet in the air. Scott Kenyon was awarded the contract at \$75 to construct a cistern 14 feet deep and 7 feet broad with a cast ring and brick top and lined with brick. The cistern is on Broadway close to the town well, from which it will be kept filled. In case of fire on Broadway avenue or in the residential part of town, water can be supplied from private cisterns at present, and it is possible that cisterns will be put up by the town later on, in these parts. An alarm bell will be put up over the engine house, which will be on Broadway. This assures Carlstadt, as good protection in case of fire as is possible.

There are many methods of acquiring wealth.

The Wise Man will invest His dollars in something that has good foundation, a solid future--Something that shows prosperity. The Wise man will hold tight to his dollars and say "Show Me." DEMOCRATS SWEEP U.S.

WILSON AND MARSHALL ELECTED BY BIG MAJORITY

Governor Wilson, of New Jersey, is elected President of the United States to succeed Woodrow Wilson, of New Jersey, in an Overwhelming Majority—Interest in Great Britain.

New York, November 12.—Woodrow Wilson was elected President of the United States by a majority which will be remembered in connection with the year in which it was won. Mr. Wilson's victory was a triumph for the Republican party that year, that year has always been the standard of comparison for disunion, defeat, but the downfall of the Republican party this year is a clear second.

The Republican party is wiped out of the map. Nearly everywhere from Utah north, with Roosevelt capturing a large majority of the old Republican vote, and in many states Tariff votes were almost decisive.

New York gave Wilson a plurality over Taft of about 200,000. Taft's vote in the state was 698,000. Wilson 418,000 and Roosevelt 13,000.

The Democratic majority in the house of congress was about 100 less than 160 and the United States senate will probably be Democratic also.

The Democrats will elect Wilson, electing Senator Suber governor with his league, and electing Senator Brand a poor thing.

Not only that but for the first time since the organization of the Republican party the Democrats will elect the electoral vote of the United States.

Wilson goes into office with heavy Democratic Congress. He will have assurances that the next President will be made up of men of party, who will be elected through the measures to which it is pledged.

Wilson carried victory with Democratic Congressmen. He will have even carried the following States, all of which were carried by Bryan four years ago: Alabama, Arkansas, Kansas, Louisiana, Tennessee, Texas, North Carolina, Texas, Georgia, Mississippi, Oklahoma, Kansas.

The chief interest in the American presidential election for 1912 is in relation to the Tariff reform of one of the leading issues in British politics. The Tariff reform is the Democratic success as a great victory for low tariff, which was certain to have an effect in England.

The Daily News says: "That the Democratic party should return to office after fifteen years of the wildest defeat is nothing. What matters is that it is a reformed party which has returned, attracted by the American people with a definite mission, and by a man who has been elected and elected to carry the mission through."

The News thinks that Woodrow Wilson's election should stimulate all sorts of the American people to make more national and democratic in politics, and address.

"We shall not see in his administration to all the common to the world, but the world has a right to expect from the great of all republics."

The Standard says: "The people have found proof of two acts of one another, grouped for the purpose of the same of parties and divided by a real conviction of principles."

The Standard holds that the Democratic revolution will have duties higher than the tariff reforms in England and France.

The Morning Post says: "The significance of the election is the fact that the people were dissatisfied with the Taft administration, which was too much content with the present, but were not ready to accept the advanced Roosevelt."

The Express says: "Mr. Wilson's election depends upon the fact that which is to raise enthusiasm for national progress and national progress."

What emerges most significantly from the election, says the Chronicle, is that the majority of the American people have awakened to the fact that a great forward surge is waiting the mighty man; that, although to some its purposes may be confused, it is in itself a battle still fought in the half light, there is a search and vitality in the electric night to carry it forward to final victory."

American Immigration to Canada
Ottawa.—An interesting analysis of the American immigration to Canada for the past year has been made by the department of the interior. Sixteen per cent of the immigrants to the States were naturalized American citizens, while in the past year only one per cent had taken naturalization papers.

The total immigration from the republic was 137,710 and of these 13,710, or 14 per cent, were naturalized citizens. On one per cent of the other nationalities had not taken out papers as Americans.

FINE BUILDING

The local branch of the Union Bank of Canada are now occupying their new building, to which reference have been made in these columns from time to time. The building is one of the best built by the Union Bank in a small town. In size it is even larger than the one put up at Bruden, this summer. The interior is all finely finished off in quartered oak and everything is arranged with beauty and convenience in mind.

Upstairs are the quarters for the young men employed in the bank. These are parlors, a bath room, and bedrooms.

D. Jerrold, who has been teller accountant here for several months, was last week transferred to the branch at Irvine. H. E. Triggall is advanced, and his place in turn will be taken by A. C. Hughes, of Wimbledon, Surrey, England, who arrived here last week. It is probable that the Union Bank will soon add another man to their staff here.

Ladies Hold A Leap Year Dance

The ladies Social Club gave the best Leap Year dance, that has been held in Carlstadt, on Wednesday night, and showed the gentle men how a dance should be conducted to make it a perfect success without having a dull minute from the time the orchestra tuned up until the home sweet home waltz was played and the guests reluctantly left for home. It was a revelation to the gentlemen, who could not help admiring the way the Adanac Club room was decorated, with everything so artistically arranged.

Supper was served about 12 o'clock the ladies seeing that every one had all they wished of the necessary commodities of good cheer, and with the clock had stopped, and it was still 12 o'clock, as we are bated so move. "No more thank you."

The ladies wish to particularly thank Messrs. Johnson and Blanchard for the good music, and also Mr. Otterson for the way he managed the floor. The men of the dance gave three cheers for the Ladies Social Club, and may expect again shortly to spend such another enjoyable evening. Contributed.

Y. W. C. T. U.

The first regular meeting of the "Y" was held Thursday afternoon at the home of the president, Miss Clara Lockman. An interesting and helpful program was carried out. Miss Lockman gave an account of the Provincial W. C. T. U. Convention held in Moose Jaw which she attended last month. Mrs. Bean sang "Oh for a closer Walk with God," and Mrs. and Miss Gish sang "My Spirit Fades." Two papers, "In their need of a Y," and "Our Unconscious Influence" were read and discussed. A committee was appointed to draft a program for the year. Eleven signed the total abstinence pledge and became members, making a total membership of fifteen. Since Miss Lockman is going to Medicine Hat for the winter a new president was necessary. The officers now stand as follows: Pres. Miss Edna Gish, Vice Pres. Mrs. E. H. Huff, Sec. Mrs. Grace Boyd, Treas. Miss Lily Watson.

A delicious lunch was served at the close of the meeting.—Mrs. Grace Boyd, Secretary.

Womans Auxiliary

The W. A. held their regular weekly meeting last Tuesday afternoon at the residence of Mrs. N. Morrill, when the members present worked for their December work. Two new members were enrolled and the afternoon closed with a social cup of tea and cake, while Mr. Morrill added to the afternoon pleasure with several numbers on his gramophone. The next meeting will be held on Tuesday at the residence of Mrs. C. H. Wagner, when it is hoped all members will be present, bringing their work and all interested in the society. Contributed.

UNANIMOUS VERDICT

Newspaper publishers and citizens generally throughout the Dominion are unanimous in their opinion that the picture entitled "Mother's Treasures," given with the Family Herald and Weekly Star of Montreal, this season, is a most delightful and beautiful subject. Here is the opinion of one publisher: "Mother's Treasures" is a marvel of beauty. The subject is one that will have a tendency to strengthen home ties. We, in the newspaper business, wonder how you can afford to give such value in pictures besides the vast amount of good things in The Family Herald and Weekly Star." Signed E. W. Richards, The Mirror, Millbrook. No home in Canada should be without this beautiful picture. One dollar pays a full year's subscription to The Family Herald and Weekly Star, which is a picture, which is worthy for framing size 25 by 39 inches. It is a six dollar's worth, indeed.
